

**Basic:** When using Proficient Stealth to create a disguise the duration is changed to the end of the event or until the mask is broken or removed. Revealing your identity to an individual breaks the disguise for them for the remainder of its use.

**Proficient:** While under the effect of the basic ability of this item if anyone but the owner breaks or removes the mask the disguise effect continues unabated until the end of the 12s.

**Master:** While under the effect of the basic and proficient abilities of this item the disguise persona carries on into Mortis Amaranthine scenes. At ST discretion any urban legends/rumors connected to this persona may influence the scene.

**Villon:** Spend 1 Resolve to call 'friend to raiders - all raiders treat me as one five minutes'. As long as the user does not act out of 'character' they will be treated as a raider by them. This may not always be a good thing.
