

**Basic:** The user of the augmented gizmo may have another character assist them when using any level of Medical on a Target joining them in the active roleplay of medical care. The pair may then repeat the same use of medical on another Target within 10 minutes at the same level and amount of healing restored for 0 Mind. Aside from cost this follows the same rules and time requirements as the original use of Medical and both characters must be participating. The assistant must know at least Basic Medical.
