

Basic: When performing a medical procedure, or curing a disease, within the surgical suite reduce the amount of Body inflicted by half rounded up.

Proficient: When using Proficient Medical to heal a Mangled Limb within the Surgical Suite you may target two limbs simultaneously. Both Mind costs must be paid individually.

Master: When performing a medical procedure or disease cure the user may be assisted by one additional person with at least Basic Medical. Time, Mind, and Resolve Costs may be split evenly between the user and assistant.
